OFFICE OF THE DIRECTOR

March 10, 2011

Dear Justice of the Peace:

The Dallas County Southwestern Institute of Forensic Sciences will be moving to a new, state of the art facility beginning March 31, 2011 with normal operations scheduled to resume on April 4, 2011. **The Office of the Medical Examiner will continue to accept autopsy cases throughout the move period with no service interruption to our customers.**

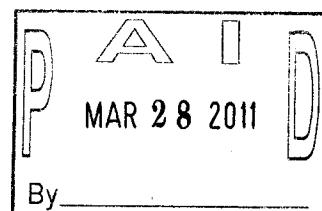

For planning purposes, if you report a death to our office before 11:59 p.m. on April 3, 2011, the decedent must be delivered to our current facility located at 5230 Southwestern Medical Avenue (on the Parkland/UT Southwestern campus). For death calls received by our office after midnight on April 4, please deliver the decedent to the new facility for examination. The new building is located at 2355 North Stemmons Freeway, Dallas, TX 75207, which is a five minute drive away from our current location. A map of the new building location noting the new body delivery area is attached.

Concurrent with our change in location, we are implementing a new computer system. The new system provides a number of operational enhancements for our office and those agencies we serve, including a more detailed chain of custody record for the Office of the Medical Examiner. Effective April 4, 2011, the new computerized decedent acceptance process requires the provision of a death report to our Medicolegal Death Investigation office prior to acceptance of a body. Ideally, the death report will be made well in advance of body delivery. When this is not possible, we still will require that a case report be made to our investigative staff before we can take custody of the decedent remains. Failure to make advance notice will prevent our staff from accepting the delivery until the death report is made by you or your designee.

We look forward to serving you and greatly appreciate your cooperation.

Sincerely,

*Jeffrey J. Barnard, M.D.*
